

AYUDH POGULWAR

AI Research & Engineering Intern | Fullstack Developer

Nagpur, India • ayudh@example.com • linkedin.com/in/ayudh • github.com/ayudhpogulwar

PROFESSIONAL SUMMARY

Proactive and results-driven Computer Science student and AI Engineer with deep hands-on expertise in **Python, Natural Language Processing (NLP), Machine Learning, React.js, and Django REST APIs**. Experienced in designing semantic talent alignment architectures, embedding-based recommendation engines, and high-performance fullstack web applications.

CORE TECHNICAL SKILLS

Programming Languages:	Python, JavaScript, TypeScript, SQL, C/C++
AI & Data Science:	Machine Learning, Deep Learning, spaCy NLP, PyTorch, Sentence-BERT, Scikit-Learn
Web & Frameworks:	React.js, Node.js, Django REST Framework, Vite, HTML5, CSS3, TailwindCSS
Databases & Cloud:	MySQL, SQLite, PostgreSQL, REST APIs, Git & GitHub, Docker Basics

PROFESSIONAL EXPERIENCE & KEY PROJECTS

Semantic Talent Alignment & Placement Portal | *Lead AI Fullstack Developer*

- Implemented automated resume parsing pipeline using spaCy NLP and regex taxonomy matching to extract key skill vectors from PDF/DOCX documents.
- Integrated bidirectional cosine similarity scoring with Sentence-BERT embeddings to calculate student-to-opportunity fit percentages in real time.
- Built dynamic Verified Skill Matrix dashboard in React enabling instant tag management and automated readiness score updates.

AI Research & Machine Learning Project Intern | *Deep Learning NLP Lab*

- Researched and fine-tuned Transformer-based models on academic & industry classification datasets, improving precision by 18%.
- Created modular RESTful microservice endpoints in Django for real-time inference and student eligibility validation.
- Collaborated with faculty mentors to design schema-validated SQL queries handling hundreds of concurrent student submissions.

EDUCATION

Bachelor of Technology (B.Tech) in Computer Science & Engineering

G H Raisoni Institute of Engineering and Technology, Nagpur • CGPA: 8.8 / 10.0

2022 - 2026

Nagpur, India

CERTIFICATIONS & HONORS

- Deep Learning Specialization** — Coursera / DeepLearning.AI
- Full Stack Web Development with React & Python** — Certified Professional
- Winner / Finalist** — Regional Hackathon for AI Career Intelligence Innovation
